

STORAGE SOLUTIONS

S T O R A G E

The key to a well designed kitchen is not necessarily what you see on the outside. Although the external details will certainly garner admiration from family and friends, it will be the internal accessories that make you smile day after day.

Your kitchen will simply perform better with specific accessories for tray storage, pantry goods, cleaning supplies, kitchen towels, trash and recycling bins. Double the storage in your drawers with two-tier, divided trays for silverware, utensils and cutlery. Keep your spice jars nestled in neat, orderly rows with our spice drawers and pull-outs. With Dura Supreme's convenient cookware pull-outs to keep lids organized and accessible, you won't be wrestling with a jumble of clanking pots and pans. These hardworking, organizational tools transform your kitchen into an efficient workroom with their ingenious compartments and pull-out mechanisms.

Optimize, maximize and organize every valuable inch of your storage space ... and then fully enjoy the art of cooking in your Dura Supreme kitchen.

Go to www.durasupreme.com/solutions for a "Storage Solutions" checklist. Complete the checklist and review it with your Dura Supreme kitchen designer as you plan your new kitchen.

S O L U T I O N S

SPICE ACCESSORIES

A well-stocked collection of savory spices deserves an organized storage system that keeps labels in full view for easy identification. Dura Supreme offers an amazing array of storage accessories for your spices; flat storage within drawers, vertical racks that pull-out from thin spaces, door mounted racks, and specialized shallow cabinets. Choose the spice storage solution that works best for you and the way you use your kitchen.

Keep your spices at your fingertips in this convenient, wood Drawer Spice Rack (DWSR) next to an oven or baking center.

Wide drawers can multi-task with a cutlery divider (CD) and Drawer Spice Rack (DWSR), separated by a Drawer Partition (DWRPSS).

Small spaces offer a surprising amount of spice storage with a vertical pull-out spice rack (BPOF-SR or BPOC-SR).

The end of an island is a great place to tuck a spice rack in a shallow cabinet (ISLTPA-DR or ISLTPA-OS).

A traditional Door Spice Rack (DSR) offers convenient storage in a wall cabinet.

CUTLERY

Cutlery should be stored in a safe place away from little fingers and organized in individual slots to keep blades sharp. Our pull-outs take advantage of small spaces and can be ideally located near the food prep area. Drawers can include a drawer knife holder and a chop block. Dura Supreme offers a variety of cutlery storage accessories in drawers and pull-outs for the method that best suits your needs.

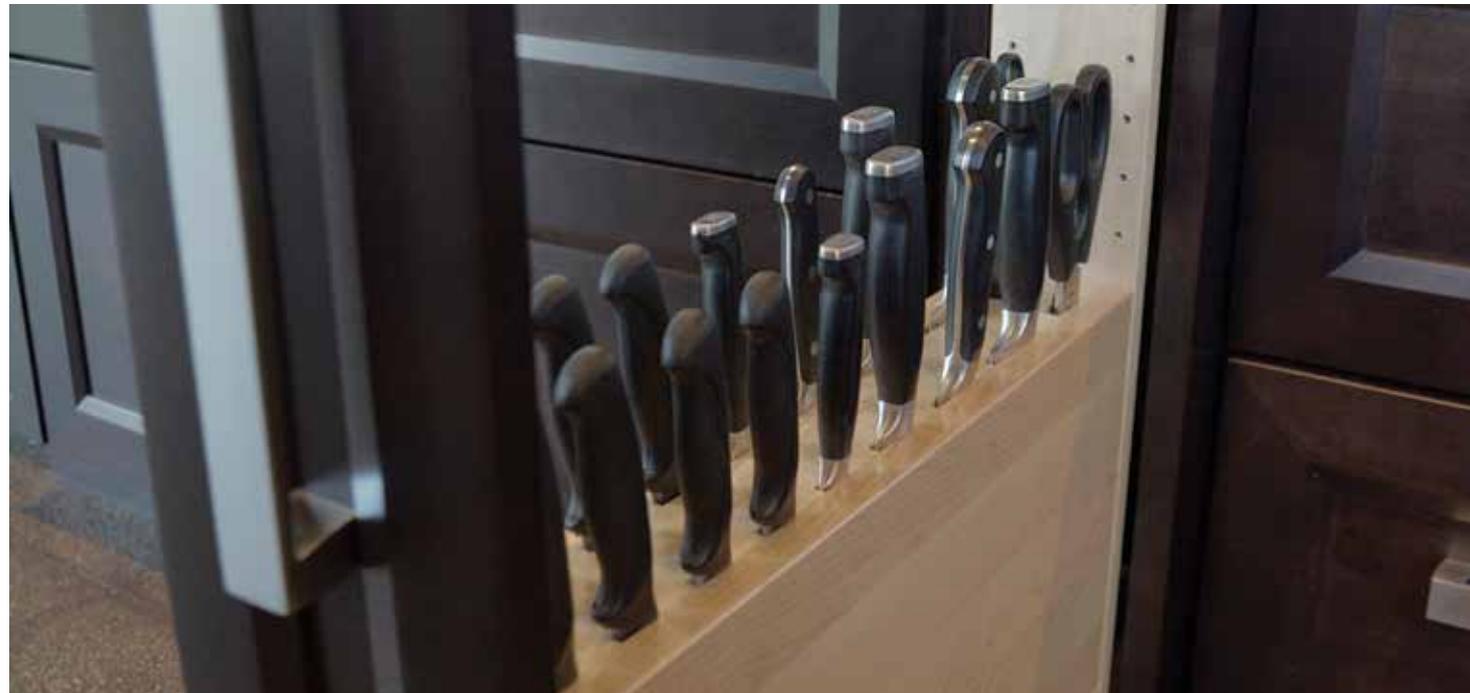

A slotted Drawer Knife Holder (DKH) keeps blades sharp, while a chop block (CBD) is conveniently located in the adjacent drawer. The chopping block has storage space below and is removable from the drawer for countertop use.

A pull-out knife block next to the hood is a convenient place to organize a cutlery set (PIL-M with Dura Supreme hood).

The slotted knife holder can be hidden below a two-tier cutlery tray for maximum drawer use (TTWCT-A with DKH below).

Free up counter space by choosing the Knife Block* (KB) option in a Base Pull-Out Filler (BPOF) or Base Pull-Out Cabinet (BPOC).
*Knife Storage below countertop level is not recommended for households with young children.

SILVERWARE & UTENSILS

“A place for everything and everything in its place.” This popular saying perfectly sums up the convenient storage solutions available for your Dura Supreme cabinetry. Our divided trays, two-tier trays and drawer partitions allow you to segment a drawer for optimal organization and efficiency. Silverware and kitchen utensils are essential tools for every kitchen and when drawers are organized and neatly divided for each utensil, your entire kitchen will be more streamlined and functional.

Wide drawers can be divided with a partition to accommodate two accessories; a cutlery tray on the left with partitioned utensil storage on the right (CD & 3 DWRP).

A simple Cutlery Divider keeps silverware and utensils separated and organized (CD).

Maximize drawer space with a Two-Tier Wood Cutlery Tray (TTWCTA) to organize silverware and utensils on two levels within the drawer.

Multi-task and organize cutlery and silverware within the same drawer (DWRP, CD, DKH).

Drawer partitions can be specified to divide a drawer based on your personal preferences (DWRP).

LIFT - U P S T O R A G E

The items you store in your kitchen cabinetry are more accessible than ever before with every manner of door that lifts, folds or tilts up and away! Most of the time, traditional hinged cabinet doors work wonderfully. But for those occasions that call for a unique design or if the door swing could collide with a hood or another kitchen element, Dura Supreme offers a variety of ingenious door mechanisms that work as well as they look.

Dura Supreme's horizontal Bi-fold Door (WBFD) lifts up and out of the way for full access to the cabinet interior.

A stay-lift mechanism (WSLC) allows the door to lift-up and stay-up to conveniently access the cabinet.

A stay-lift mechanism (WSLC) often works best for reaching upper storage areas.

A heavy mixer can be lifted with ease to countertop level and conveniently stored in its own cabinet (BMSC).

If space allows above the cabinet, a lift-door (WLD) provides full-access to upper cabinets that are hard to reach.

COOKWARE & BAKEWARE

A well-stocked kitchen will undoubtedly have an assortment of cookware and bakeware ideally suited for a well-organized storage system. The usual method of stacking pots and pans together results in a clanking jumble of cookware, a tangle of handles and missing lids. Dura Supreme provides a multitude of specialized storage options for pots, pans and bakeware, from convenient deep drawers with integrated lid storage partitions, to specialized pull-outs for your entire cookware collection.

A shallow roll-out neatly stores the lids for the pots and pans stacked in the deep drawer below (ROSAD).

A deep drawer below a cooktop is an ideal location for pots and pans. Add the Lid Storage Partition (LSP-S) to stand lids on both sides of the drawer.

Tray dividers (TDB) are a convenient way to partition a cabinet for tray storage.

A lid partition at the back of a wide, deep drawer neatly stores pot and pan lids for easy access (LSP-B).

Cookie sheets and pizza pans occupy only a fraction of space when organized in this convenient Tray Divider Pull-Out (TDPO).

Your entire cookware collection can be organized neatly in this single pull-out that houses pots and pans in the lower section, and lids above (BPPRO).

SINK & RECYCLING

The highest traffic zone in the entire house, especially around dinner time, is the kitchen sink. Dura Supreme provides a tantalizing array of accessories to streamline, organize and maximize this area so that every square inch is fully utilized. Our pull-out caddy for cleaning supplies detaches for portable use around the house. That cavernous area under the sink can be outfitted with tiered shelves and racks, while the cabinet next to the sink can be specified with a double pull-out for trash and recycling bins.

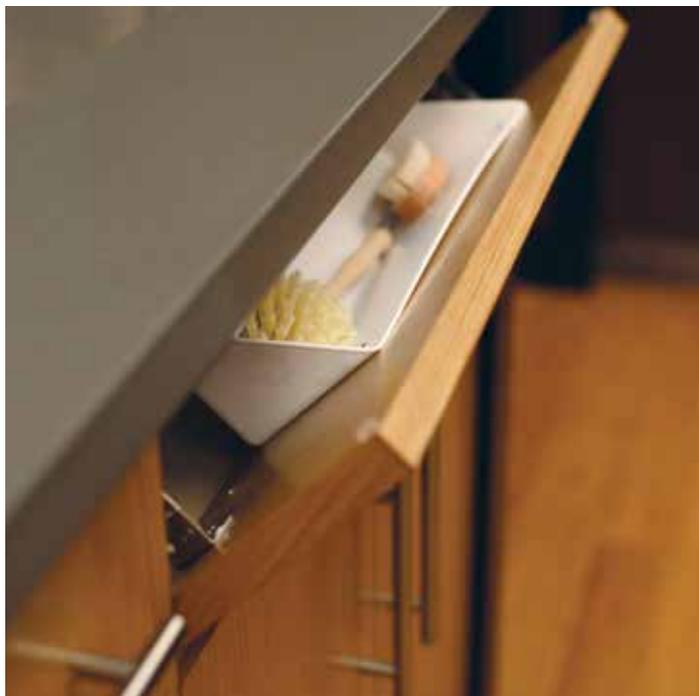

A convenient pull-out with double bins for trash and recycling is one of Dura Supreme's most popular cabinets (BRC). (50 quart baskets shown)

Organize cleaning supplies in our convenient pull-out caddy with a detachable, portable basket (SBPOC).

A convenient storage rack on the door organizes cleaning supplies (SBDR).

Sponges are tucked away neatly and can dry overnight in this tip-down sink tray (TDFS).

Protect your sink base from drips and spills by adding a sink base mat (SBFM).

This thin pull-out next to the sink has a towel rod so dish towels can dry after use (BPOF-TB or BPOC-TB).

CONVENIENT ROLL-OUTS

Base cabinets are typically 24” deep, providing a lot of storage space. However, accessing the items stored in the back of the cabinet can be inconvenient and cumbersome. That problem is solved with our roll-out shelves, available in several depths, different configurations and customizable by adding various partitions. Our roll-out shelves glide out smoothly on full-extension slides and include a soft-close, self-closing feature for optimum convenience.

Adding drawer partitions to different depth roll outs allows for accessible storage in a base cabinet. 4” deep roll out (ROS) and 8” deep roll out (ROSD) customized with drawer partitions (DWRP).

Conveniently store oven mitts and potholders in a shallow roll-out above a pot and pan drawer (ROSAD).

Neatly store your plastic storage containers and lids in this convenient roll-out (BPPRO).

Roll-out shelves are available in three depths (shallow, standard and deep) to fit your particular application (ROS2, ROS and ROSD).

A flat roll out shelf makes accessing those larger appliances a breeze. (ROSF) shown with a component lip (COMPLIP).

PANTRY SOLUTIONS

An efficient household often has a pantry full of basic canned and dry goods that form the foundation of a good meal. Having a convenient location or two within the kitchen to organize your pantry goods, where everything is easily visible, can help minimize those last-minute trips to the grocery store. Dura Supreme offers a variety of pantry solutions, with wood or wire racks that pull out of small spaces and keep a stockpile of foods readily available.

Deep drawers outfitted with adjustable drawer partitions (ADWRP) create customizable pantry storage.

A functional pantry can be created in a narrow space.

A Pantry Storage Cabinet (PSC) has racks on the door which keep pantry goods easily accessible.

Dura Supreme's wire pantry (BPOPW) offers slim-line storage for pantry goods.

Our tall pantry (available with wood or wire shelves) provides an amazing amount of storage on full-extension glides (TPOP and TPOPW).

B E V E R A G E C E N T E R S

Some people are coffee connoisseurs and some are wine connoisseurs. No matter your preference, Dura Supreme offers cabinetry tailored to the beverage of your choice. A variety of attractive configurations are available to store and display your wine collection. Roll-out shelves can be partitioned to organize your top-shelf liquors and sparkling waters. Beverage centers with pocket or bifold doors keep everything accessible and stored together for convenience.

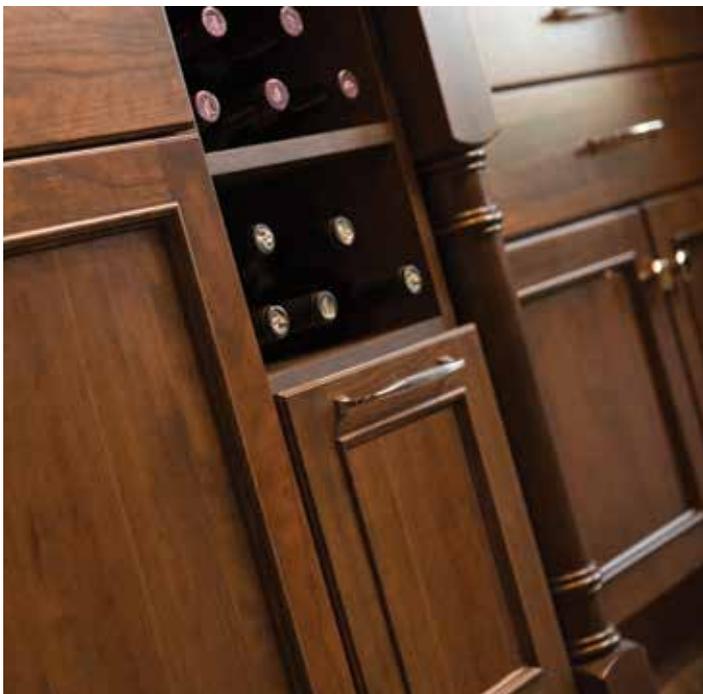

For larger wine collections, our “X” wine rack is a popular choice for your reds and whites (XW).

Our wine rack cabinets (vertical or horizontal) offer attractive storage and display of your favorite wines (WWR and BWR).

Design a coffee or tea pullout with adjustable drawer partitions and a K-Cup organizer (ADWRP and DKCUP).

Open wine bins are convenient near a beverage center.

A roll-out bottle rack (ROBR) is an ideal accessory near a beverage center.

Conceal a beverage station behind pocket doors. Wine glass holder (WGH), rollout shelf flat (ROSF) and wall apothecary drawers (WED).

PLATEWARE STORAGE

Traditionally, plateware and glassware are stored in the upper cabinets near a sink or dishwasher. That location continues to work well for most applications, but there are several other options to store plateware within easier reach and easier access. Our open plate rack cabinet creates an attractive display with colorful plateware.

Or consider any of our popular drawer plate racks that store heavy dishware below the countertop instead of over your head.

Our drawer plate rack (PRDWR) combined with the dish storage drawer (DSD) creates a convenient spot to store an entire set of dishware.

A counter cabinet provides ample storage with shelves positioned precisely to maximize organization.

A Floating Shelf (FS) provides quick access to often used dishware.

Our drawer plate rack (PRDWR) is a convenient location to store an entire set of dishware.

Dura Supreme's Dish Storage Drawer (DSD) offers a convenient location below the countertop for stacks of plates and bowls.

CONVENIENT CORNER STORAGE

Corner cabinets encompass a surprising amount of space on the interior and Dura Supreme offers several ingenious accessories so that every inch of that space is accessible and convenient. Turntables are a traditional solution and ours spin smoothly and effortlessly. Swiveling shelves and gliding trays also offer clever options for cavernous corner cabinets, so that the items stored in the cabinet glide out for easy access.

Wisely use the storage space within our large corner cabinets with our convenient swing-out wire baskets (BCBB).

These uniquely-shaped shelves pivot and glide out of the cabinet for complete access to items stored in the farthest corners (BCSO).

Our giant turntable shelves swivel inside the cabinet and utilize valuable storage space (GSSCB).

Two half-circle shelves pivot and pull-out for convenient access (BCSOSW).

A corner wall cabinet is an ideal location for a stack of convenient turntables (DCWWS).

HOOD ACCESSORIES

Dura Supreme's beautiful hoods create an impressive architectural focal point within the kitchen. They also provide an ideal location for convenient and practical storage of essential cutlery, cooking ingredients and spices. Towers and pillars next to the cooking surface can be specified with your choice of doors, pull-outs for spices or cutlery, drawers or open shelves depending on your personal preferences.

Apothecary drawers are a charming option for hoods and offer convenient storage for spices and recipe cards (PIL-K or TOWR-G).

Open spice storage offers a decorative option below the hood (PIL-D).

A pull-out spice rack next to the cooking surface is a popular accessory (PIL-G).

DRAWER SOLUTIONS

Storage solutions abound with partitions and dividers to customize and organize your drawers. With thoughtful planning, every drawer can be configured to optimize space and keep everything at your fingertips. From a convenient charging station in the kitchen for electronics and smart-phones, to a craft drawer in the utility room and a hidden drawer in the toe space, there's no excuse for clutter with convenient drawer solutions from Dura Supreme.

Take advantage of the space right under your feet with a toe space drawer (TSDWR).

Drawers and roll-out shelves with a built-in charging station keep electronics neatly organized and always charged (DCHGS).

Wide drawers with dividers are perfect for organizing crafts and art supplies (CD30).

PULL - O U T S T O R A G E

Small spaces offer a surprising amount of storage when you use Dura Supreme's pull-outs for spice storage, tray dividers, towel bar or cutlery. Oftentimes, these ingenious pull-outs can be tucked behind a decorative turned post or column for an exceptionally clever use of space. The full-extension slides are concealed for a sleek look and the soft-close, self-close feature is an added bonus.

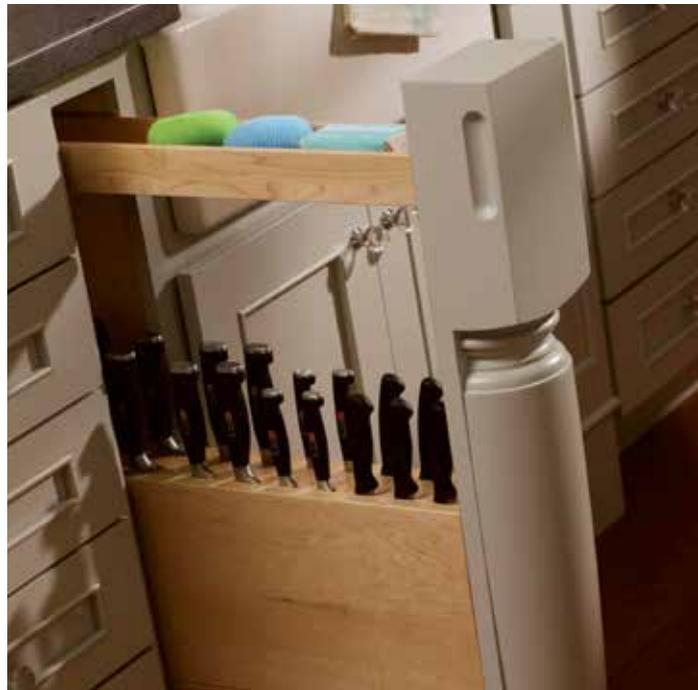

A shallow tray above the cutlery block offers convenient storage for small items and spices (BPOC-KB or BPOF-KB).

Organize an entire collection of spices in only a few inches of space with our pull-out spice rack (BPOC-SR or BPOF-SR).

Tray storage in a pull-out offers a practical and convenient use of space (BPOC-TS or BPOF-TS).

Individual slots in our pull-out knife block protect blades and keep handles accessible (BPOC-KB or BPOF-KB).

Base Utensil Pull Out keeps the frequently used utensils close at hand (BPOUC12).

BEYOND THE KITCHEN

Dura Supreme's unique storage solutions have applications in all areas of the home. The accessories shown in this section feature smart storage ideas for bathrooms, desk areas, entertainment centers and beyond. Don't limit the use of our storage solutions to cabinetry in the kitchen, but extend the organizational ingenuity and clutter-management to all areas of your home with Dura Supreme.

A plumbing drawer provides extra storage options in a frequently underutilized space (PLUMDWR).

A vanity drawer can be organized with dividers, partitions and angled shelves to organize cosmetics for easy visibility (DWRP, CD, DWSR).

Our decorative organizer with hooks offers convenient storage for bathrooms and mudrooms alike (CRO).

Our flat, roll-out media shelves work well for gaming systems and A/V equipment (ROSF).

A vanity grooming rack (VGC) is a must-have for curling irons and blow-dryers.

A desk area is ideal for our small apothecary drawers (WE_D).

Simply Supreme.
