

**200 SERIES**

**THE WARMTH OF WOOD  
AT AN UNCOMMON VALUE**

## 200 SERIES WINDOWS & PATIO DOORS

A streamlined selection of windows and patio doors, the 200 Series product line delivers Andersen quality at an uncommon value. By focusing on only our most popular sizes and options, it creates just the right balance of design and efficiency. And like all Andersen products, they are supported by over 115 years of commitment to quality and service that can only come from one of the most trusted names in the industry. For more information, visit [andersenwindows.com/200series](https://andersenwindows.com/200series).

Built with the right materials in the right places, 200 Series products offer durability, long-term beauty and options to fit your project needs.

### 200 SERIES WINDOWS

Tilt-wash double-hung, gliding, picture and half circle windows combine real wood interiors and low-maintenance Perma-Shield® exteriors in standard sizes and options, making these windows a good choice for your new construction or remodeling project.

### 200 SERIES PATIO DOORS

Perma-Shield and Narroline® gliding patio doors give you the choice of real wood or low-maintenance interiors with narrow profiles to maximize light and view. They are available in standard and custom sizes for your new construction, remodeling or replacement projects. Hinged inswing patio doors offer traditional styling with low-maintenance interiors in standard sizes.

# EXTERIOR & INTERIOR OPTIONS

Our Perma-Shield® exterior cladding system offers low maintenance and durability while providing an attractive appearance.

Printing limitations prevent exact color duplication. See your Andersen supplier for actual color samples.

# GLASS OPTIONS

Andersen offers one of the industry's widest array of glass options, so you're sure to find the right choice for your climate and your home. Choose from these High-Performance glass options.

GLASS	ENERGY		LIGHT	
	U-Factor How well a product prevents heat from escaping.	Solar Heat Gain Coefficient How well a product blocks heat caused by sunlight.	Visible Light Transmittance How much visible light comes through a product.	UV Protection How well a product blocks ultraviolet rays.
<b>SmartSun™</b> Thermal control similar to tinted glass, with visible light transmittance similar to Low-E glass.	● ● ● ○	● ● ● ●	● ● ● ○	● ● ● ●
<b>SmartSun with HeatLock® Coating</b> Applied to the room-side surface, it reflects heat back into the home and improves U-Factor values.	● ● ● ●	● ● ● ●	● ● ● ○	● ● ● ●
<b>Low-E</b> Outstanding overall performance for climates where both heating and cooling costs are a concern.	● ● ● ○	● ● ● ○	● ● ● ○	● ● ● ○
<b>Low-E with HeatLock Coating</b> Applied to the room-side surface, it reflects heat back into the home and improves U-Factor values.	● ● ● ●	● ● ● ○	● ● ● ○	● ● ● ○
<b>Sun*</b> Outstanding thermal control in southern climates where less solar heat gain is desired.	● ● ● ○	● ● ● ●	● ○ ○ ○	● ● ● ○
<b>PassiveSun®</b> Ideal for northern, passive solar construction applications where solar heat gain is desired.	● ● ● ○	● ○ ○ ○	● ● ● ●	● ● ○ ○
<b>PassiveSun with HeatLock Coating</b> Applied to the room-side surface, it reflects heat back into the home and improves U-Factor values.	● ● ● ●	● ○ ○ ○	● ● ● ●	● ● ○ ○
<b>Triple-Pane**</b> An extra pane of glass helps keep more heat in and cold air out, making this our most energy-efficient glass option.	● ● ● ●	● ● ● ○	● ● ● ○	● ● ● ●
<b>Clear Dual-Pane</b> High visibility with basic thermal performance.	● ○ ○ ○	○ ○ ○ ○	● ● ● ●	○ ○ ○ ○

Center of glass performance only. Ratings based on glass options as of January 2024. Visit [andersenwindows.com/energystar](https://andersenwindows.com/energystar) for ENERGY STAR® map and ENERGY STAR Most Efficient information. See your Andersen supplier for unit NFRC performance data. \*Sun glass is available on 200 Series patio doors only. \*\*Triple-pane glass is available on select patio doors only.

## ADDITIONAL GLASS OPTIONS

**Tempered** safety glass, standard on patio doors and required by code for larger window sizes.†

**Patterned** glass lets in light while obscuring vision and adds a unique, decorative touch.

## GLASS SPACER OPTIONS FOR PATIO DOORS

Choose from stainless steel or black glass spacers to create a customized look for 200 Series gliding or hinged patio doors.

## BLINDS-BETWEEN-THE-GLASS

Blinds-between-the-glass are located between the panes of insulated glass, protected from dust and damage and never need cleaning. White blinds are available on select Perma-Shield® gliding patio doors.

For more details on glass options, visit [andersenwindows.com/glass](https://andersenwindows.com/glass).

†See your local code official for code requirements in your area.  
††Satin etch glass option available on 200 Series windows only.

# PATIO DOOR HARDWARE

Andersen® patio door hardware\* is available in a variety of designs to match virtually any style. Additional hardware options such as exterior keyed locks and matching hinge finishes are also available.

## HARDWARE FINISHES

## DESIGNER HARDWARE\*

Our designer hardware collections are carefully curated from today's leading hardware brands. They have a luxurious look and substantial feel and can match perfectly with other hardware and accessories throughout the home. Available on Andersen® hinged, entry, and folding doors.

BALDWIN

\*Hardware sold separately and options vary by product.  
\*\*Some finishes are "living" finishes that will change with time and use, see limited warranty for details.  
Printing limitations prevent exact finish replication. See your Andersen supplier for actual finish samples.

# WINDOW HARDWARE

## Tilt-Wash Double-Hung Windows

## Gliding Windows

\*Hardware is sold separately.  
Printing limitations prevent exact finish replication. See your Andersen supplier for actual finish samples.

Bold names denote finish shown.

# GRILLE OPTIONS

Grilles are available in a variety of widths, configurations and patterns to fit any architectural style or project need.

## SIMULATED DIVIDED LIGHT

## CONVENIENT CLEANING

## GRILLE PATTERNS

\*\*Specify number of same-size rectangles across or down.  
Additional grille patterns available for patio doors

# INSECT SCREENS

TruScene® and conventional insect screens are available for tilt-wash double-hung and gliding windows. For patio doors, conventional insect screens are available in the configurations shown below. TruScene screens provide 50% greater clarity than conventional Andersen insect screens.

## Windows

Full insect screens for venting windows. Half insect screen option for the lower sash of double-hung windows.

## Gliding Patio Doors

New Andersen® exclusive retractable screen for two- and four-panel gliding doors has a premium, integrated design and offers fresh air and clear views.

Gliding roller insect screens for two- and four-panel doors.

## Hinged Patio Doors

Hinged insect screens for single-panel doors. Double-hinged insect screen for two-panel active-passive doors.

Gliding insect screens for two-panel active-stationary doors.

## THE ENVIRONMENT HAS A BUSINESS PARTNER

Respect for the environment is nothing new at Andersen. For more than a century, it's been part of who we are. Our commitment to recycle and reclaim materials began simply because it was good business. Now it's part of our broader commitment to sustainability and responsible stewardship of all our resources. Andersen is committed to providing you with long-lasting, energy-efficient windows and doors. Visit [andersenwindows.com/sustainability](https://andersenwindows.com/sustainability) for more information.

Andersen makes windows and doors with options that make them ENERGY STAR® certified throughout the U.S.

Andersen is a charter member of the **U.S. Green Building Council** and a strong supporter of its LEED® (Leadership in Energy and Environmental Design) National Green Building Standard rating system.
